B.Sc in Computer Science

ABOUT ME

I am a highly motivated and dedicated Software Engineer with a strong academic background and hands-on experience gained through a recent internship. Intelligent, hardworking, and passionate about software development, I am eager to leverage my skills to contribute to the success of your organization. Now actively seeking a full-time Software Engineer position, I am committed to continuous learning and excited to apply my technical expertise to real-world challenges. I look forward to making meaningful contributions while further growing my career in a dynamic and innovative environment.

WORK EXPERIENCE

KINGSLAKE | Software Engineer Intern 2023 DECEMBER - 2024 OCTOBER

- Developed and maintained custom modules and reports using VB.NET and SQL for ERP systems (Opcenter APS, Syteline ERP).
- Assisted in database modeling and writing complex SQL queries and PL/SQL scripts to optimize system performance.
- Troubleshoot and optimize existing .NET-based solutions to improve system reliability.
